KI0933 - Business backpack with front soft pocket

EDITORIAL

At a time when trends are evolving rapidly and individuality is being showcased more than ever, accessories have become essential vectors of expression.
In B2B, they represent much more than simple promotional items: they convey an identity, enhance a brand, and strengthen the coherence of an image.

At Kariban Brands, we place personal expression at the heart of our approach. It is with this in mind that we developed K-up, our expert brand specialising in customisable headwear and accessories. Caps, beanies, bucket hats, or belts: our range offers a wide variety of styles, materials, and weights to meet the needs of professionals in personalisation, retail, and events.

Each piece is designed to leave room for creativity. Whether you are looking for a cap to display a striking logo or a more discreet beanie for your clients, our products adapt to all styles and projects.

KARIWALA FACTORY & KIMOOD

KIMOOD IS COMMITTED

At **Kimood**, we are proud of our Franco-Indian partnership with the **Kariwala bag factory**. This collaboration is based on shared values of ethics and respect for people and the environment. We implement **sustainable initiatives to reduce our impact on the environment**, improve working conditions for employees and encourage cultural exchange based on mutual understanding. This partnership benefits both the factory's employees and the local ecosystem, demonstrating **a virtuous and progressive approach** to brand expansion

SAVING WATER

Kariwala Industreis Ldt was declared winner in the SME category for its efforts to promote responsible business practices in industrial water management. The prize was awarded by the **Indo-German Chamber of Commerce** at the **Sustainability Innovation Awards 2022**.

The aim of the award is to highlight the innovative solutions offered by companies assessed on the basis of their **management, economic, environmental and social impact qualities.** However, it is also intended to raise awareness of the importance of conserving and sustainably using water in production processes.

The Kariwala factory has launched a project to recycle the waste water used in the production of our bags. The aim is to **make the water reusable for watering plantations**, instead of dumping it down the drain. This ultimately reduces water wastage and preserves natural resources. By treating and using wastewater, freshwater resources are protected and the quantity of water discharged is reduced, helping to **minimise pollution** and **protect aquatic ecosystems**.

KARIWALA FACTORY & KIMOOD

TREE PLANTING

Planting a tree for every $1,000 in sales is the remarkable project that has been set up in partnership with the **Gram Samriddhi Foundation (GSF)**. The Gram Samriddhi Foundation is a non-profit organisation based in India.

This foundation generally focuses on projects and initiatives aiming to promote rural development, the empowerment of local communities, education, health and other areas related to improved living conditions in rural India.

The partnership between **GSF** and **Kariwala** / **Kimood** is proving to be a fruitful combination. The GSF commits to tree planting in remote rural areas with a strong governance mechanism to oversee operations on the ground, while Kimood and Kariwala contribute by offering their support. These combined actions have a significant impact on the earth and generate a huge number of jobs. Up to October 2023, this partnership has resulted in the planting of **441 trees** and the creation of **9,606 jobs**, demonstrating their shared commitment to sustainability and economic growth.

Kimood x Kariwala

KARIBAN BRANDS CERTIFICATIONS

EGL N°165651 / KARIBAN

EGL N°165651 / KARIBAN

The OCS standard checks the presence and proportion of organic raw materials mixed with conventional or synthetic raw materials in an end product. OCS 100 for items designed with a minimum of 95% organic raw materials and OCS Blended for items designed with a minimum of 5% organic raw materials.

EGL N°165651 / KARIBAN

EGL N°165651 / KARIBAN

The RCS standard checks the presence and proportion of recycled content in a finished product. The entire production chain is carefully verified by a third-party organisation to guarantee transparency. RCS 100, with a minimum of 95% recycled content and/or RCS blended, with a minimum of 5% recycled content.

AT KARIBAN BRANDS, OUR COMMITMENT TO ECO-RESPONSIBILITY IS REFLECTED IN THE CERTIFICATION OF THE TEXTILES AND ACCESSORIES OF OUR SIX BRANDS. THE MATERIALS USED IN THE MANUFACTURE OF OUR PRODUCTS ARE CAREFULLY SELECTED AND SUBJECT TO REGULAR CHECKS IN LINE WITH STRICT CERTIFICATION STANDARDS.

THESE LABELS TESTIFY TO OUR COMMITMENT TO OUR ENVIRONMENT, CUSTOMERS AND END CONSUMERS.

EGL N°165651 / KARIBAN

Global Organic Textile Standard, the strictest certification for textiles made from organic fibres. It tracks the entire production chain starting from the cotton fields: from harvesting to fibre production, garment assembly to the finished product, followed by printing and even export.

EGL N°165651 / KARIBAN

The GRS (Global Recycled Standard) aims to control the recycled content of intermediate and finished products. This involves checking that companies' manufacturing processes, as well as their social and environmental practices, are sustainable and responsible. It guarantees the requirements and accuracy of the certification issued.

STANDARD 100
CQ 1007/6
IFTH
www.oeko-tex.com

The Confidence in textiles - harmful substances according to Standard 100 by OEKO-TEX® label is an international certification that meets the needs of stakeholders in the textile supply chain and consumers in terms of health protection. This certification guarantees the absence of harmful substances or those that may present a risk to health and the environment.

BV Cert. 6432564

Product with the Origine France Garantie label, certification No. 6432564, verifying the traceability of French origin.

K-LOOP PROJECT

Respect forthe environment and traceability **are the keywords for the K-loop and K-loop tracking collections.**

The key approach in this project is the use of recycled material as well as the concept of completely transparent tracking of every step in a product's creation for end consumers.

With "K-loop", Kimood is closing the circular economy loop. This means that the fabrics used in K-Loop products are made from production off-cuts from KARIBAN BRANDS products.

These off-cuts are sorted by colour and shredded to restore the original fibres. They are then mixed with recycled polyester from plastic bottles, which makes the final product even stronger. The main idea behind the K-Loop project is to reduce textile waste, recycling and thereclamation of raw materials.

To ensure that this approach is transparent and verifiable, Kimood has worked on the possibility of tracing these products from design to distribution.

THE TOTE BAG THAT HERALDED THE START OF THE K-LOOP PROJECT – KI5808

The KI5808 tote bag is the first item to be launched in the K-Loop collection and is made from cotton left over from the manufacture of Kariban cotton t-shirts and polyester from recycled plastic bottles.

KI0236 – Juco striped shopper bag

GLOSSARY

Water repellent materials have been treated with a product designed to repel water. Water flows in droplets and cannot soak into the fabric which remains breathable.

Made by hand.

Product machine washable up to 85° (industrial wash). The washing instructions refer only to the fabric; for prints or embroidery, follow the recommendations of the screen printer or embroiderer.

Product machine washable up to 60° (domestic wash). The washing instructions refer only to the fabric; for prints or embroidery, follow the recommendations of the screen printer or embroiderer.

Waterproof garment or fabric. The figure shown corresponds to the fabric's ability to withstand water pressure without allowing moisture to penetrate. The minimum standard is a water column of 1,500 mm/m².

Enzyme washing is a special biopolishing treatment that makes fabrics clean, smooth and blemish-free, creating a surface that is soft to the touch and perfect for printing.

An ethically produced product that respects high social and environmental standards throughout the production process.

A product made using a sustainable production method that is more ethical and ecological, limiting the impact of the textile industry.

GLOSSARY

Product made in Spain.

Product made in France.

Product made in Italy.

Product made in Portugal.

Product without a brand label to allow easier decoration.

Number of 500 ml plastic bottles used to make this recycled polyester product.

Brand label which can be removed easily.

KI0434 - Work bag with tablet and laptop compartment

KI5403 - KIALMA by K-loop Business lap-top/document messenger bag

PREMIUM QUALITY AND TRACEABILITY: RECYCLED POLYESTER BUSINESS BAGS

THE NEW KIALMA BY K-LOOP COLLECTION OFFERS A COMPLETE RANGE OF TOP-OF-THE-RANGE BUSINESS BAGS MADE FROM RECYCLED POLYESTER. BY INTEGRATING AWARE TRACEABILITY TECHNOLOGY, WE GUARANTEE TRANSPARENCY OVER THE COMPOSITION OF OUR PRODUCTS THROUGHOUT THE SUPPLY CHAIN: FROM PRODUCTION TO THE END CUSTOMER.

SUSTAINABILITY, STYLE AND TRACEABILITY

Discover the **Kialma by K-Loop** collection, an avant-garde collection of **professional bags and luggage**. Combine sleek design with recycled polyester construction and state-of-the-art traceability technology. Kialma stands out for its **top quality**, meticulous finishes and **wide selection of items**: backpacks, document bags, computer bags, tablet bags, bum bags, crossbody bags, tablet and document covers, document and laptop pouches, messenger bags, laptop bags, document bags, travel bags and vanity cases.

The use of **recycled polyester** allows a significant reduction in CO_2 emissions during manufacture compared to traditional polyester, demonstrating Kialma's sustainable commitment to the environment. **Transparency is at the heart of our approach**, guaranteeing the composition and traceability of our products from the production of the yarn to the final product. With our concept incorporating recycled polyester and **Aware™ tracers**, we offer the perfect blend of **eco-responsibility and innovation**. The Aware™ tracers, detectable via a hand scanner, provide each bag with a **digital passport**, allowing consumers to verify the authenticity of their purchases and boosting confidence in sustainable textiles.

Thanks to blockchain technology, we can ensure **complete traceability of our production chain**. Each product has a special label with a QR code, allowing direct access to our Aware™ platform to authenticate certifications via a smartphone.

KIALMA

KI5110 / KIALMA by K-loop backpack

100% recycled polyester. Work backpack with padded compartment for computer (up to 15") and/or tablet. Organised main compartment and briefcase. Thanks to the removable padded straps concealed in the back, the backpack transforms into a horizontal work saddlebag with its own side handle. Large zipped top pocket. Large double front pocket with two separate openings and zipped storage compartments on right and left. External type C connector with internal cable for connecting a power bank.

KI5224

KI5208
Hand-woven basket

100% vegetable fibre. 70% cotton / 25% polyester (lining). Hand-woven basket made from vegetable seaweed fibre. The inner lining is hand-woven from recycled materiels (80% cotton / 20% polyester). This basket is hand-woven using traditional looms from Bangladesh, called “tant” looms. The traditional weaving gives the canvas a distinctive and unique handcrafted look. This basket is part of the "Handloom recycled project" collection that arose from a collaboration between the Kimood brand and the HandTouch company, a member of ECOTA, a fair trade organisation in Bangladesh. This item helps support the economy of families living in remote villages of Bangladesh, and the work of women in particular, thus helping to prevent these villages from being deserted. There is a label inside the bag with details about the project and there is also a space for decoration to add logos and/or messages.
